

GRENDAIN STATISTICAL REPORT OF INDICATORS (SUMMARY):

1 JANUARY TO 31 DECEMBER 2011

The Grenada Drug Information Network (GRENDAIN) is the mechanism through which Grenada collects, analyzes, and disseminates information on drugs, and related information, for the purpose of monitoring trends, developing policy, and implementing appropriate programmes and responses. The Network consists of all institutions which collect drug-related statistics. GRENDAIN was established by Cabinet in December 2002. The Drug Control Secretariat is the National Observatory on Drugs in Grenada. It performs the administrative functions of GRENDAIN.
