

# GRENDA STATISTICAL REPORT OF INDICATORS (SUMMARY):

1 JANUARY TO 31 DECEMBER 2012

The Grenada Drug Epidemiology Network (GRENDEN), established 2002, is the mechanism through which Grenada collects, analyzes, and disseminates information on drugs, and related information, for the purpose of monitoring trends, developing policy, and implementing appropriate programmes and responses. The Network consists of institutions which collect drug-related statistics. The Drug Control Secretariat is the National Observatory on Drugs in Grenada and performs the administrative functions of GRENDEN.
