

GRENDEN FACT SHEET

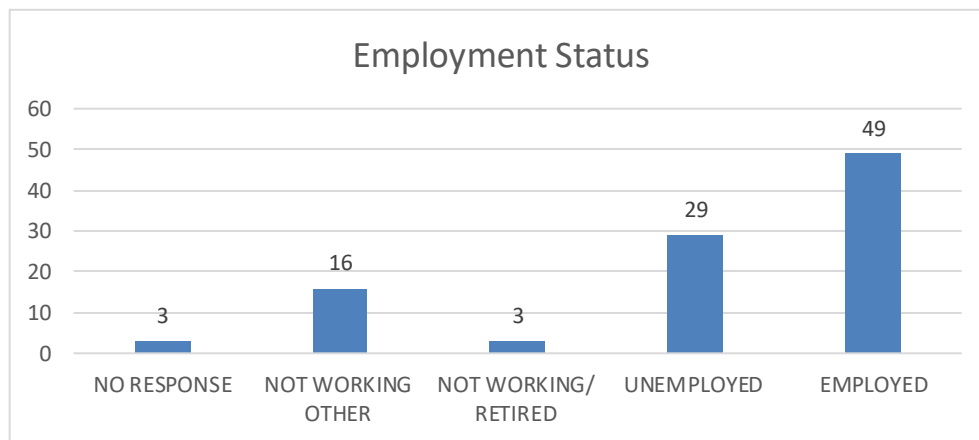

Vol. 8, No.3
SEPTEMBER
2017

One hundred(100) individuals accessed treatment at the Rathdune Psychiatric Unit and the Carlton House Drug Rehabilitation Centres in Grenada, for the period 1 January to 31 December 2016. The data was collected using the OAS/CICAD Standard Drug Treatment Registration Form. The graphs below provide a summary of the employment status and education levels of the individuals who received treatment during the review period.
