GRENADA PARTICIPATES IN REGIONAL SEMINAR

Five Officers from Grenada participated in the seminar, '*Seminar on Internet Sales of Drugs*', held 21 to 25 September 2009, in The Bahamas. The Seminar was part of technical assistance being provided by the Inter-American Drug Abuse Control Commission (CICAD), in response to its recommendation, '*Carry out research and training activities related to the prevention and control of illicit traffic of pharmaceutical products and other drugs via the internet, which will enable the country to identify its regulatory and operative needs*', which was issued to all its member states during the Fourth Round of the Multilateral Evaluation Mechanism (MEM), 2005 to 2006.

Issues addressed at the Seminar included: internet basic principles, investigation of electronic mail and other investigative methods, live chat and tactical behavior. Participants also engaged in several practical sessions, case studies and discussions.

This seminar is of paramount importance to Grenada, as it lays the groundwork for the implementation of appropriate mechanism to deal with any matters pertaining to the sale of drugs via the internet.

At the Fifth Annual General Meeting of the Grenada Drug Information Network (GRENDIN), held on 11 December 2008, Mr. Darshan Ramdhani, Senior Crown Council in the Office of the Director of Public Prosecutions, presented a paper on the subject, '*Legal Implications For The Prevention And Control Of Illicit Traffic Of Pharmaceutical Products And Other Drugs Via The Internet in Grenada*'. This presentation examined the legal and administrative framework which would be required to adequately address this issue. This presentation was in response to CICAD's recommendation, mentioned earlier. One of the matters to be further explored in 2010 is the possible establishment of a Cyber Crime Unit/Special Internet Task Force, comprising of Law Enforcement Agencies.

Participating countries were: The Bahamas, Barbados, Grenada, Jamaica and Trinidad and Tobago. The seminar was conducted by CICAD and INTERPOL.

FROM THE EDITOR'S DESK

Dave Alexander, Drug Control Officer

The successful conclusion of the Sixth Annual Meeting of the Grenada Drug Information Network (GREN DIN), is yet another clear signal by the Government of Grenada of its commitment in the campaign against drugs and related problems. When GREN DIN was established on 11 December 2002, the issue was raised about its viability and sustainability. This issue was uppermost in the minds of the Officials at the workshop which established GREN DIN.

The Sixth Annual Meeting of GREN DIN, is evidence that GREN DIN has developed and maintained an active and formidable presence in the national anti-drug campaign. At the commencement of the Fifth Round of the Multilateral Evaluation Mechanism (MEM), GREN DIN contributed over ninety (90) percent of the statistical information requested in the MEM Indicators. Further, the network of Officers which has developed as a result of GREN DIN, enabled the Drug Control Secretariat, which is the National Coordinating Entity (NCE) for the MEM in Grenada, to complete and submit the MEM Indicators, several days ahead of the deadline established by CICAD.

GREN DIN has proven that it has made a significant contribution to the National drug control programme!

MARCH AGAINST DRUGS

Officers of the Drug Control Secretariat participated in two Anti-Drug Rallies, organized by the Grenada Conference of Seventh Day Adventist, in September 2009. On 20 September, the first Rally was held, as a joint initiative of the New Hampshire Development Committee, supported by Royal Grenada Police Force (RGPF) and members of the Pathfinders of the Seventh Day Adventist Church. Mrs. Elizabeth Japal, Assistant Drug Control Officer gave the feature address at the Rally. In her presentation, she presented information on the nature and extent of the drug situation in Grenada. She also outlined the consequences of drug use and its impact on the society. Mrs. Japal also encouraged the participants to live healthy drug-free lives.

Meanwhile, a 'Mega Rally' was held in the parish of St. John's on 27 September 2009, in which hundreds of young people marched in opposition to drugs and violence. Mr. Dave Alexander of the Drug Control Secretariat addressed the rally. In his remarks, he addressed the local and regional situation on drugs and violence and challenged the young people to continue with their support of the national drug control programme. Feature address at the rally was given by Pastor Clive Dottin, Youth Director of the Caribbean Union of Seventh day Adventist, from Trinidad and Tobago.
