The National House Repair Programme is a Programme administered by the Government of Grenada under the Ministry of Social Development, Housing and Community Empowerment. The Programme provides housing assistance for persons most in need in improving their living conditions.

**Process**

1. For persons to be qualified for the programme an assessment has to be done by the Housing Officer in the Constituency in which the client lives to verify building needs.

2. The Officer in the constituency will assist in filling applications forms.

3. Persons Qualified for a loan will receive building materials amounting to no more than $6,000.00 or less for repairs.

4. For construction or reconstruction of wooden houses successful loan applicants will receive building materials.
